

# White Mountain Association of REALTORS®

Presents

## Online Education

The White Mountain Association of REALTORS® has teamed up with these vendors to bring you education from anywhere you have internet access. These logo/links like the ones you see below are located on the home page of Paragon, in the signature line of our emails and coming soon to our wmar.org website. If you are interested in taking an online class please go directly from these sites as WMAR has entered into a revenue share agreement with these schools.

### DIRECTIONS

- STEP 1** - Click on one of the logos and browse the available classes. Select the classes that suit you, create a profile for yourself and pay for the classes you chose.
- STEP 2** - Watch for an emailed receipt with a link or a code to direct you to begin your class.
- STEP 3** - Take that link or code and log in to your class. Pay close attention to the directions on how to pause or stop for a time and then begin again. Continue until finished. Each school has different time limits to how long you can stretch out the class so stay within the guidelines.
- STEP 4** - When finished read the directions as to receiving and printing your certificate, some are immediate and others are emailed to you.
- STEP 5** - In put your hours directly in the azre.gov web site and keep your certificate in a safe place in the event you get audited.

Please feel free to call the school you have chosen with any questions or concerns regarding your class.
